

Winter preparations

at Amsterdam Manor Beach Resort

Winter preparation

Are you ready yet for cold dark nights, hot chocolate at the fire place and shuffling snow? We admit this does sound romantic and even we can look forward to this. But wouldn't it be nice to take a break from this winter romance and exchange it for bright sunny days, a refreshing cocktail at the pool and strolling at the beach?

Carnival a la Caribbean

We all know about Rio and Carnival but did you know that we do quite a good job at Aruba as well? Carnival on Aruba is at exactly the same time as Rio so you can celebrate carnival the Latin way at a safe 'One Happy Island', be able to speak English, Dutch or Spanish and without having to fly all the way to Brasil. The big Aruban Carnival weekend is March 1 and 2, 2014 so make sure to [reserve your room](#) on time as this is a popular holiday.

Can't make it for the real Carnival? At our on-site restaurant [Mangos](#) you can enjoy a live Latin Caribbean dance show bi-weekly on Tuesdays together with an unlimited BBQ buffet for only \$29.50 p.p. (excl.).

Awarded for making a difference

With pride we can inform you that Amsterdam Manor Beach Resort received an award for providing work for the disabled. The award was handed over to Managing Director Jurgen van Schaijk by the local organisation for persons with disabilities (Plataforma para Persona cu Limitacion-PPL) during a live broadcast television show last Friday. This show was dedicated to the International Day of Persons with Disabilities which is celebrated on Monday December 3. During the program they talked about all the opportunities for persons with a disability and how Amsterdam Manor Beach Resort is providing work for them. We thank PPL for the beautiful award and their efforts to make persons with disabilities part of the community.

Now open... Horizons Bar

In our last newsletter we informed you about our extended pool bar Horizons with a complete new tapas menu. We are happy to inform you this time that Horizons has opened and already many guests enjoyed the beautiful view accompanying with a refreshing cocktail and a selection of our delicious tapas. Every Thursday we keep on welcoming our guests at the Manager's Cocktail Party for a drink, a chat and perhaps a dance. [Click here](#) for the new Horizons menu.

The new area of Horizons Bar

Find your way on our new walkway

At Amsterdam Manor Beach Resort we like to renew and keep up to date so you can have the perfect holiday without worries and at a spotless resort. For those who do not recognize the picture on the right, this is our walkway at the entrance and the parking lot and yes, we placed new pavers.

Besides the new pavers we also added signs to the resort to make it easy for you to find your way around. Our new building names come in handy with this. Each building is named after an area or city connected to Amsterdam. So you might end up staying at De Pijp or Volendam but still be on a warm Caribbean island!

New pavers
